### **INFORMAL SUMMIT BETWEEN INDIA AND RUSSIA MAY (21, 2018)**

Prime Minister Narendra Modi and President Vladimir Putin held their first informal Summit in the city of Sochi in the Russian Federation on May 21, 2018. The Summit provided an occasion for both leaders to deepen their friendship and to exchange views on international and regional issues, in keeping with the tradition of high level political exchanges between India and Russia. The two leaders agreed that the Special and Privileged Strategic Partnership between India and Russia is an important factor for global peace and stability. They shared the view that India and Russia have an important role to play in contributing to an open and equitable world order. The two leaders held in depth discussions on major international issues. They agreed on the importance of building a multipolar world order. They decided to intensify consultation and coordination with each other, including on the Indo-Pacific Region. Prime Minister Modi and President Putin also agreed to continue working together through multilateral organisations such as the United Nations, SCO, BRICS and G-20. Both leaders agreed to institute a Strategic Economic Dialogue between NITI Aayog of India and the Ministry of Economic Development of the Russian Federation, to identify greater synergy in trade and investment. They noted with satisfaction the expanding cooperation in the energy sector and, in this regard, welcomed the arrival of the first consignment of LNG under a long-term agreement between Gazprom and GAIL, next month.

### **INAUGURATION OF IORA-RCSTT COORDINATION CENTRE ON MEDICINAL PLANTS AT CSIR-CIMAP**

The Indian Ocean Rim Association - Regional Centre for Science and Technology Transfer (IORA-RCSTT) Coordination Centre was inaugurated on 7 May 2018 at the

Central Institute of Medicinal and Aromatic Plants (CIMAP) campus of the Council of Scientific and Industrial Research (CSIR) in Lucknow. The establishment of the Centre follows the signing of an MoU between CSIR-CIMAP and the Tehran based IORA-RCSTT on 24 February 2018 in Tehran. The Centre will be a useful platform not only to disseminate knowledge of the myriad use and benefits of medicinal plants among the IORA member states, but also help them commercialize their available resources optimally. By institutionalizing the cooperation in this field, the three-fold objective of technical cooperation, technology transfer and commercialization is expected to be met to the benefit of the IORA member states. The establishment of the Centre is funded by the Ministry of External Affairs, which would also be sponsoring its activities and Work Plan over the next five years.

## INDIAN ECONOMY

### **Indian Railways to deploy drones to monitor projects**

Drones will now monitor railway projects, aid in crowd management and oversee maintenance work across its zones, railway officials said today. Cameras (UAV/NETRA) will be used for various railway activities especially project monitoring and maintenance of tracks and other railway infrastructure, the national transporter said in a statement. “Directions have been given to Zonal Railways to procure such cameras. This is in-line with Railways’ desire to use technology to enhance safety and efficiency in train operations”, it said. Unmanned aerial vehicles or drones shall be deployed to undertake monitoring activities of relief and rescue operation, project monitoring, progress of important works, conditions of track and inspection related activities, the statement said. A drone is essentially a flying robot which can be remotely handled through software-controlled flight plans embedded in its systems working in conjunction with GPS. Government agencies have been using it extensively for defence, surveillance and emergency operations, in the event of natural disasters.
